Spring is in the Air

About 6 months back I had a visit to the dentist, he drilled and filled and I was content at the work he had done, Numerous times over the next six months the filling fell out and was replaced.

Over this period I had a multitude of ear and chest infections, I attributed this to a re-occurrence of an ear problem from the past.

I did not realise that I had an infection behind the tooth, which was being sealed in every time the filling was replaced.

The poison was causing a multitude of health problems, eventually after changing my dentist, I had much dental work done to rectify this culminating in having more than one tooth pulled.

The aftermath was pain and not a little self-pity.

I lay underneath my blanket adding up in multiples of seven how many times I forgave my previous dentist, and then I thought why has nobody phoned to enquire as to my health, What about my needs? Where's the compassion?

and then I said to myself "what would Jesus do?"

I phoned a number of people who are present going through difficult times, I told them I was thinking of them, praying for them and here if they need anything I was here.

The toothache was still present but the self-pity lifted, there was lightness in my spirit.

Isaiah 58: 6 -11, Matthew 22: 37 - 40, Luke 10: 27.
